- In the end of 2023 the german legal entity was launched thanks to which we continue the fundraising activity

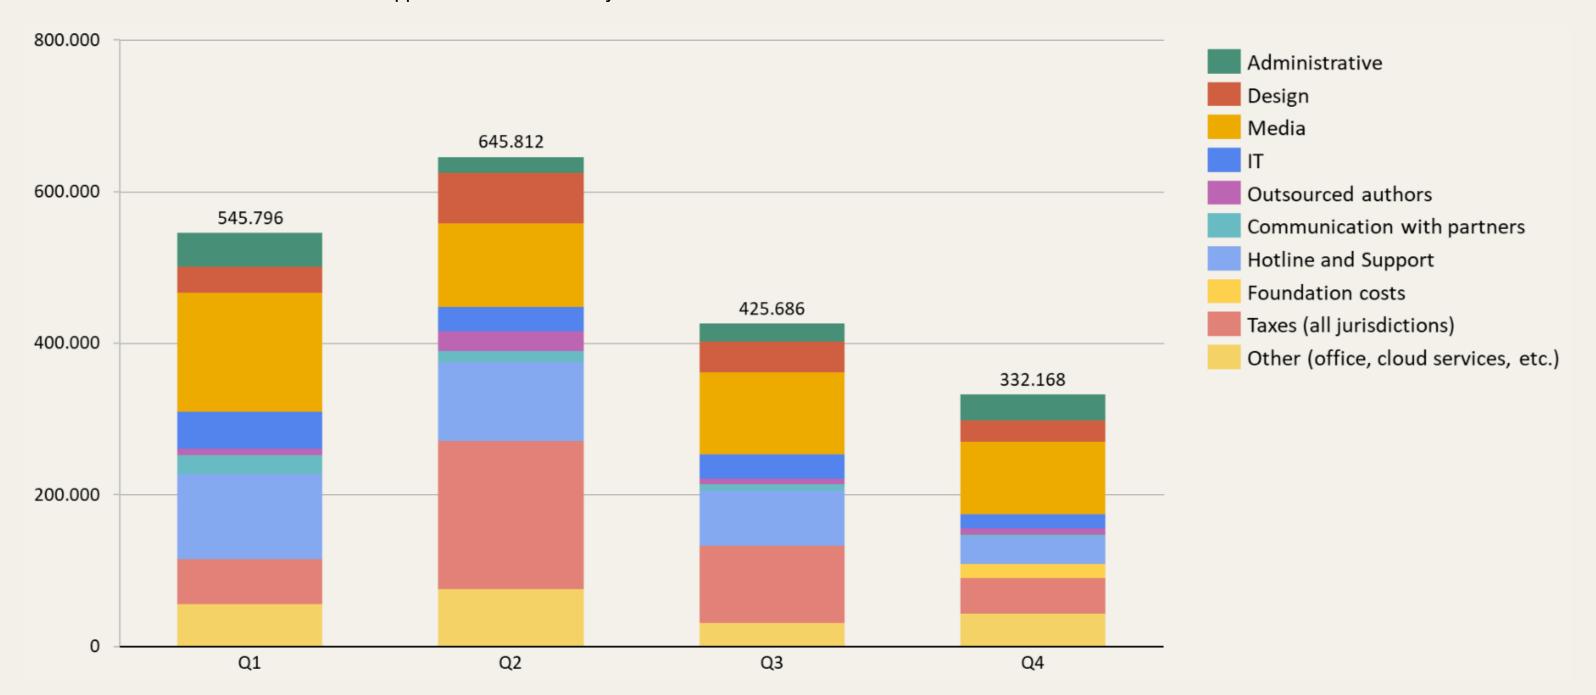

OUR EXPENSE IN DETAIL IN 2023

(all costs associated with the project work in all jurisdictions)

QUARTERLY STRUCTURE OF THE EXPENSES IN 2023

- In March 2023 we faced a cash gap which led to the expense optimisation. The full effect of all measures taken was seen only in August-September due to the lagged effect of the taxes.
- In 4Q the new department expense appeared in the structure Foundation expenses. These are the costs necessary to perform the activities connected with the transfers to Ukraine.
- In the end of 2023 Hotline service was restructured and splitted into separate project First Line. It started to fully operate as a separate project as of 27 of December. However there were some costs associated with the Hotline and Support service till the very end of 2024.
