EVACUATION OF ELDERLY PEOPLE FROM OCCUPIED AND FRONTLINE TERRITORIES

€7070

Every month, volunteers help evacuate elderly people with limited mobility from occupied territories. This is not an easy task, as organizing the evacuation requires not only logistical planning but also finding people to help push wheelchairs and provide for the elderly throughout the journey

For the second consecutive month, thanks to “Let’s help” campaign, volunteers have been able to evacuate up to 10 people per month from settlements in occupied territories (sometimes from hard-to-reach and constantly shelled villages).

The costs include: payment for medical transportation, train tickets, the work of caregivers, the salary of the curator of the mobility assistance program, accommodation, commissions and taxes, wheelchairs, food, communication, and medicines.
