

AUGUST 2026 REPORT

meduza TV///RAIN

TOTAL AMOUNT OF DONATIONS IN AUGUST

€41,459.20

BANK CARDS	ONE-TIME DONATIONS	€1,720.86
	MONTHLY DONATIONS	€32,729.83
PAYPAL	ONE-TIME DONATIONS	€522.05
	MONTHLY DONATIONS	€2,872.61
CRYPTO	MONERO	€481.09
	ZCASH	€0
BANK TRANSFERS		€20.00
SPECIAL FUNDRAISER*	STRIPE, PAYPAL	€3,048.35
	CRYPTO	€64.41

*Our team also organizes special targeted fundraisers — this way, we can support individuals without reducing the monthly aid provided to the initiatives that already receive it.

FROM THE TEAM

IN AUGUST, 2,497 PEOPLE HELPED UKRAINIANS ALONGSIDE US

- **38** people signed up for recurring donations
- **124** people made a one-time contribution to **LET'S HELP**
- The smallest donation: **€1**
- The average recurring donation: **€16.6**
- Unfortunately, **154** people cancelled their donations

In August, the number of people who cancelled their recurring donations sadly far exceeded the number of new sign-ups. For people in Ukraine, it is vital that support doesn't stop — and when we lose donors, we are forced to scale back and renegotiate the help we provide. That makes months like this very hard, both for the people we support and for us.

Please share **LET'S HELP** in your stories, send the link to your friends and colleagues — so that in the months ahead we can not only maintain, but grow the help we provide to Ukrainians affected by the war.

EXPENSES AND RESERVE FUND

TOTAL	**€64,201.46**
HELP PROVIDED	**€27,730,00**
Emergency aid in Kryvyi Rih	€810.00
Hot food delivery for people affected by shelling	€6,000.00
Evacuation from occupied territories	€1,500.00
Support for a shelter for people with limited mobility	€3,010.00
Support for a shelter in the Dnipropetrovsk region	€6,600.00

Valentyna’s family from the Dnipropetrovsk Region	€400.00
The family of Vira Petrivna from Bohdanivka.	€400.00
EXPENSES OF “LET’S HELP” ON PROVIDING HELP	**€4,222.92**
EMERGENCY AID RESERVE	**€32,248.54****

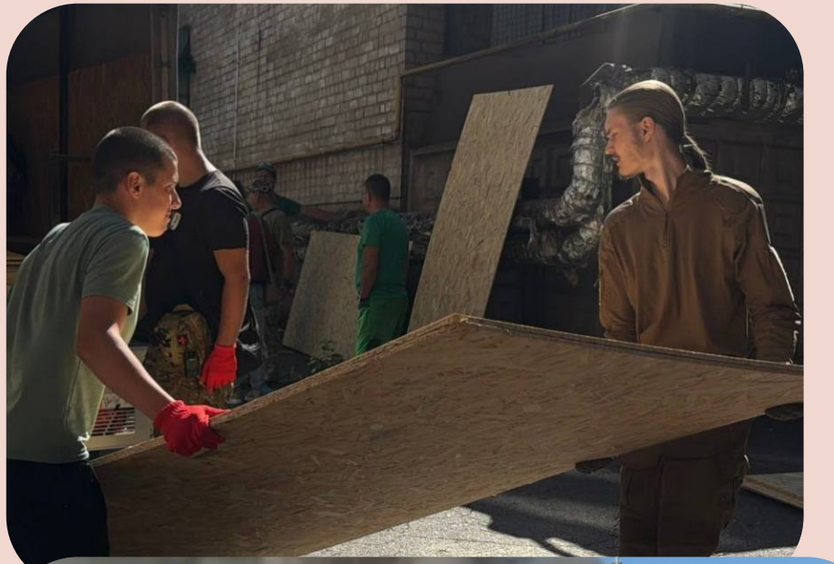

*Transfer made in cryptocurrency. The amount in the report is based on the euro currency rate on the day of the transfer

** Total amount in the “Let's Help” account, including cryptocurrency. The cryptocurrency amount is represented as its equivalent in euros on the day the donation is received

EMERGENCY AID IN KRYVYI RIH €810

Kryvyi Rih continues to live under daily attacks: the Russian army strikes the city with drones, missiles, and aerial bombs. On August 21, a strike hit the city's largest shopping center — Soniachna Haleriia. 16 people were killed and more than 130 were injured. At the scene, rescue workers were assisted by the rapid response team that we support monthly through your donations. The team provided first aid to those affected and helped clear the rubble.

In August alone, the team responded to strike sites more than 15 times. When residential buildings are hit, team members not only provide first aid but also seal damaged windows and doors and prepare the buildings for repair work. Your donations in August allowed us to purchase fuel for the team's vehicle so they can reach strike sites as quickly as possible. If you would like to support the residents of Kryvyi Rih and the rapid response team directly, make a donation to our ongoing fundraiser for them:

HOT FOOD DELIVERY FOR PEOPLE AFFECTED BY SHELLING

€6,000

Enormous gratitude from the residents of Kharkiv and the Kharkiv region. From millions of people and especially from the emergency service guys!!!

August was a very difficult month for Kharkiv and our long-standing partners there — the **ROKSANA AND THE TEAM** foundation. The city was struck 134 times over the course of the month. The team responded in person to 74 of those strikes, and for the rest delivered food and drinks to those affected, rescue workers, and volunteers. Throughout the month they also fed people at evacuation hubs, which continue to receive people from Zolochiv, Kupiansk, and Izium in Kharkiv region, as well as from Sumy and Sumy region. In addition, in August the foundation's team prepared and delivered:

- 15,000 hot meals to shelters and dormitories for internally displaced people and children with disabilities
- 7,000 hot meals to a shelter for evacuated people with limited mobility
- 340 hot meals to elderly people in frontline areas of Kharkiv region

Thanks to your donations, we sent the foundation funds to purchase food, disposable tableware, and cover the rent for their cooking space.

EVACUATION OF PEOPLE FROM OCCUPIED TERRITORIES. €1,500

In August, your donations helped our partners evacuate six people from temporarily occupied territories. Among them was a couple — 55-year-old Olena and her husband, 54-year-old Ivan (names changed). The family urgently needed to leave their home village in Zaporizhzhia region: they were being threatened by representatives of the occupation authorities, and amid this stress Ivan's heart condition worsened while Olena began experiencing frequent panic attacks.

Our partners helped the couple prepare for the difficult journey and safely navigate the entire route, including filtration at a Russian checkpoint. The family managed to leave with two cats and three suitcases — and are now starting a new life in Odesa.

HELP TO A SHELTER FOR PEOPLE WITH LIMITED MOBILITY €3,010

89-year-old Liudmyla Vasylivna spent almost her entire life in Sloviansk, Donetsk region. In April 2022, she evacuated to Lviv region together with her sister and nephew Yevhenii. Seven months later, the family decided to return home — but on the way back, Liudmyla Vasylivna's sister fell ill with COVID and did not survive. Liudmyla Vasylivna returned to Sloviansk with only her nephew.

Throughout this time, Russian forces continued to shell Sloviansk and the front line crept closer to the city — but the family still didn't want to leave. Then on June 21, a Russian shell struck their building, and it became clear they could no longer stay. Yevhenii reached out to our partners for help with the evacuation. The family was first brought to a shelter, and from there to Cherkasy, where they are now beginning life in a new place.

Thanks to your support, elderly people receive safe temporary housing and accompaniment during and after evacuation. In August, our partners were able to help 13 people with limited mobility.

HELP TO A SHELTER IN THE DNIPROPETROVSK REGION €6,600 1/2

Yurii Nehin, a resident of the **MOTIVATION TO LIVE** foundation's shelter, was injured by a landmine. He was riding his bicycle when he spotted an unfamiliar object and went to take a closer look, unaware of the danger. To save his life, doctors were forced to amputate his leg. He also lost the phalanges of several fingers on one hand, and the explosion severely damaged his eyesight.

The shelter team submitted an application for free prosthetics on Yurii's behalf — and fortunately it was approved. He is now being prepared for prosthetics at Superhumans, a nationwide center specializing in military trauma care. In addition, foundation volunteers recently managed to evacuate Yurii's mother from Donetsk region — and they are now living together in the shelter. Yurii's main goal is to become independent again, move to Dnipro with his mother, and build a new life there together.

HELP TO A SHELTER IN THE DNIPROPETROVSK REGION €6,600 2/2

SUPPORT

Since the summer, the **MOTIVATION TO LIVE** shelter has been housing and supporting people with amputations during their prosthetics and rehabilitation process at Superhumans. Thanks to your donations, all of the shelter's buildings have already been fully adapted for people with amputations. One outbuilding remains on the grounds, which the team wants to convert into inclusive living quarters: widening the doorway, installing new doors and a ramp, painting the walls, and furnishing it with sleeping and storage space. We have opened a separate fundraiser for this — please support it here. Thanks to your donations, in August the shelter:

- welcomed 20 people following evacuation and hospital discharge
- purchased a supply of medications and long-shelf-life food for winter
- began processing missing documents for new shelter residents
- submitted prosthetics applications for those who need them
- held art therapy sessions and a series of meetings for women who have experienced domestic violence

And in August, an engagement was celebrated at the shelter: one of the residents will soon be starting a family with a local man who volunteers there.

Thank you so much for your heart and support ❤️ We did tremendous work so that people could live better and feel cared for

HELP PROVIDED MONTHLY

HELP TO A SHELTER FOR IDPS AND MOTHERS WITH CHILDREN IN KAMIANSKE €2,500

Tetiana is 39 years old and has five children — the photo shows her youngest sons. They all left Shakhtarske in Dnipropetrovsk region together this summer, after mandatory evacuation was announced for families with children. They are now living in our partners' shelter in Kamianske and figuring out where to go next.

Around 80 people are currently living in the shelter. Your donations in August allowed us to purchase a month's worth of food for them, as well as fuel for the evacuation vehicle so the team can continue bringing people out of dangerous areas.

Thank you so very much 🙏

VETERINARY MEDICATIONS FOR THE TREATMENT FOR A PET SHELTER IN KHARKIV

€3,040

This is Lucky. Soldiers rescued him from artillery shelling in Kharkiv region and brought him to our partners at the **KHARKIV CITY PET SHELTER** Veterinarians examined him and found an old Achilles tendon rupture and an unhealed wound. The wound has been treated, but unfortunately the tendon cannot be fully restored — Lucky will have a permanent limp. In every other way, though, he is completely healthy and will be able to live a long and happy life. If you would like to become Lucky's new family, or adopt another animal from the **KHARKIV CITY PET SHELTER**, tap the "adopt a friend" button on this slide.

In August, the **KHARKIV CITY PET SHELTER** took in 113 dogs and 36 cats. Veterinarians sterilized 118 animals, and 75 animals found new homes or were placed under the care of civic organizations. The shelter is currently caring for 417 dogs and cats. Your donations covered veterinary supplies for their treatment and food for the dogs.

Thanks to your ongoing support, we can continue helping our four-legged friends.

FOOD, CAT LITTER, AND RENT FOR A SHELTER FOR EVACUATED PETS €3,470

This is Ronni, the newest charge of our Kharkiv partners at **ANIMAL GUARDIANS.** Volunteers found him in Kharkiv in critical condition and immediately rushed him to a veterinary clinic. The kitten had not a single healthy organ, severe skin damage, and fluid in the chest cavity. He was recently diagnosed with cancer. Despite all of this, Ronni is fighting for his life — eating well, showing curiosity about the world around him, and patiently enduring every procedure the vets perform.

The organization's shelter currently houses 137 cats and 12 dogs. Thanks to you, in August the team was able to:

- purchase food, litter, and household supplies
- cover rent, utilities, and the salary of the staff member who cares for the animals
- purchase medications and cover veterinary treatment costs

Ronni — or another animal from this shelter — could become part of your family. Instructions on how to adopt are available in Novaya Gazeta Europe.

VALENTYNA’S FAMILY FROM THE DNIPROPETROVSK REGION

€400

Valentyna, her husband, and their three children (pictured) live in the mining town of Ternivka in Dnipropetrovsk region, about 40 miles from the front line. Her husband works in a mine rescue unit, while Valentyna looks after the children and is trying to find work — so far without success. His salary and the child benefit payments barely cover rent and other basic needs, and any unexpected expense becomes a problem.

Valentyna asked us to help purchase a new water heater: the old one had broken down, and she and her husband had to heat water in pots every day just to bathe their three children and wash themselves. The family also needed new children's mattresses, as the old ones had become impossible to sleep on. Thanks to Let's Help donations, we were able to fully meet the family's needs without delay.

We are so grateful to you, you are the best

VIRA’S FAMILY FROM BOHDANIVKA

€400

Vira Petrivna is a 72-year-old pensioner from the city of Selidove in Donetsk region, who left in 2024 together with her son Ruslan. They now live in Bohdanivka in Dnipropetrovsk region, where they were given a house to rent for a minimal price.

Vira Petrivna has survived two strokes, and Ruslan has a first-degree disability and limited mobility. The family lives on her pension alone. Ruslan is also entitled to a disability pension, but to receive it he needs to go through a medical assessment in Dnipro. He cannot make the trip on his own, and his mother cannot accompany him as she is still recovering from her stroke.

When Vira Petrivna reached out to us, it became clear that the family needed not only financial help but also assistance with the pension paperwork. We sent the family money for food and essential items, and connected them with our partners, who will help organize Ruslan’s trip to Dnipro and sort out the necessary documents.

Good evening, the foundation called me. They’ll come and help with the documents. You helped us so much, thank you greatly
