

LET'S HELP

# WARM FUNDRAISER

REPORT 2025 - 2026

meduza TV///RAIN

In November, we set a goal to raise **€100,000** to help Ukrainians get through the winter in warmth. However, at the beginning of 2026, Russian strikes on Ukraine's energy infrastructure reached a critical level — in many regions, there was no electricity for up to 20 hours a day, there were constant interruptions in water and heating, and temperatures dropped as low as -20 degrees Celsius. Because of this, the number of requests for help increased sharply. Therefore, after raising the initial 100 thousand, we decided to continue the fundraiser to help even more Ukrainians. In the end, you sent us as much as **€170,000**, and we closed the campaign on March 2, 2026. Thanks to this, we managed to fulfill absolutely all the targeted fundraisers we had planned before the start of the campaign, as well as help everyone who submitted a request for aid, right up until the end of June 2026.

And even after processing all the requests received, we had **€19,642** left — we decided to keep this reserve to prepare for the winter of 2026-27, as it became clear already during the summer that it would be even harder than the previous one. Thanks to you, we are able to continue providing aid and respond promptly to new requests.

Thank you to every one of the 3,262 people who participated in the **WARM FUNDRAISER** of 2025-2026 🤝

# TOTAL DONATIONS IN THE WARM FUNDRAISER

€170,161.92
